The uncompromising master bakers of International Delights spent years testing and perfecting our recipes to ensure that every croissant has dozens of buttery layers, a golden, flaky exterior, and a moist, airy interior. Since 2005, Oven Delights has become New York's leading packaged croissant bakery, and now offers a complete line of pastries and traditional baked goods available for national distribution.

The Oven Delights Bakehouse is committed to making the day breaks simply better. Each pastry is made from scratch and contains no artificial color, no high fructose corn syrup, and no partially hydrogenated oils. Every dough is leavened through a natural probiotic process, and fillings are all made in house to deliver the freshest taste available.

**If we don't love it,
we won't make it.**

The result... layer upon layer of buttery, light deliciousness packed fresh for a 21-day shelf life.
